PROFESSIONAL SUMMARY

Experienced General Practitioner with proven track record in clinical patient-centered care, travel medicine and telemedicine. Known for clear communication, consistent follow-up, and good patient feedback. I have actively contributed to projects involving women's health and digital-health initiatives that improved access and user experience, mostly in remote areas. I aim to combine clinical expertise with innovative solutions to strengthen healthcare delivery.

WORK EXPERIENCE

General Practitioner and Panel physician | American Medical Center | Addis Ababa, Ethiopia

May 2021 – Present

I work as a clinical GP, dealing with internal medicine and paediatrics-related cases, as a panel physician. I work on travel-related medical clearances for US and UK visa applicants. Additionally, I serve as a physician's coordinator and assistant medical director.

HabariDOC digital health plc | Addis Ababa, Ethiopia

- General Practitioner**

Oct 2022 – Present

I work as a part-time GP Teleconsultant on the groundbreaking, first-of-its-kind in the nation EMR-integrated Telemedicine app HabariDOC, where I was part of the app's development, providing clinical insight.

- Project Assistant**

Sep 2024 – Oct 2025

focusing on women's health, aiming to address Mental and SRH-related cases via telemedicine.

- Helpline supervisor**

Nov 2024 – Present

I supervise our medical hotline (9873) agents who are 24/7 ready to assist with any medical-related concerns. including consultations and referral facilitation, who also provide any technical assistance related to our app HabariDOC
